

Presidents Report
Wednesday, March 3, 2010

Congratulations to CTVglobemedia, Rogers and all our local brothers and sisters on a job well done bringing the Olympics to Canada. It was a ton of hard work but the coverage brought our country together like never before. You should all be proud of your historic media achievement.

It has been fairly quiet on the Local front this February. There is still some clean up going on involving the Rogers layoffs but it looks like they are finally ready to resume negotiations. Negotiations with CTV Ltd. will begin April 1st.

Looking forward to this spring your executive board will be busy with negotiations, local elections, union education, and Media Council.

That's all for now.

Kelly Dobbs
President
